Nursing Survey

Instructions:

The following survey will assist policymakers at the state, federal and local levels assess the adequacy of the current Nursing workforce and project future workforce trends in relation to Virginia's changing population and health needs. It will help us advance the practice of Nursing and to improve the health of all Virginians. By law, information collected as part of this survey is confidential. License numbers and other individually identifying information are removed from Healthcare Workforce Data Center data sets. The Healthcare Workforce Data Center only releases information in the aggregate or to qualified research organizations who meet our strict confidentiality standards. Participation in this survey is voluntary. You may exit the survey at any time by scrolling to the bottom and pushing the "Submit" button or by clicking on the "Finish" button at the bottom of the left sidebar. Note: Clicking "Finish" will finalize your renewal application.

The survey questions are designed to allow comparisons across professions, and among state and federal data collection efforts. Some of the questions, particularly the demographic questions, match Federal data collection standards.
